Sub : Accreditation Status of Programme(s) offered by your Institution.

Dear Sir / Madam:

With reference to your application for accreditation of the following programme (s) and the Expert Committee visit to your institution, the report of the visiting team was considered by the Engineering Accreditation Committees and subsequently by the National Board of Accreditation in its meeting held on 10.02.2009. Based on the recommendations of the Board, I am pleased to communicate the Accreditation Status of the following programme (s) of your Institution.

Sl. No.	Name of Programme(s)	Accreditation Status	Period of validity w.e.f. 10.02.09
1.	BE Mechanical Engg.	Accredited	3 years
2.	B. Tech. Information Technology	Accredited	3 years
3.	BE Electronics & Communication Engg.	Accredited	3 years
4.	BE Electrical & Electronics Engg.	Accredited	3 years
5.	B. Tech. Chemical Engg.	Accredited	3 years
6.	BE Civil Engg.	Accredited	3 years
7.	MBA	Accredited	3 years
8.	BE Computer Science & Engg.	**Not Accredited**	
9.	MCA	**Not Accredited**	

(Total number of programmes **Accredited** vide this letter – **Seven** & **Not Accredited - Two**)

The Accreditation status awarded to the above programmes of your institution does not imply accreditation to the College / Institution as a whole. Complete name of the Programme(s) Accredited and its period of validity, as well as the date from which the award is effective, should be quoted unambiguously whenever it is used. The accreditation status of the above programmes is subject to periodic review by the NBA Secretariat and will be changed if major deficiencies are identified on surveillance. You are also requested to comply with the mandatory disclosure of pertinent information as per the proforma placed in the AICTE website with respect to accredited programmes of your institution. The same information should also appear in the website and information bulletin of your institution clearly indicating the date of publication of the same.

Tele : 011-24369633 (D) Fax : 24369624, EPBAX : 24369619 - 22, E-mail : drdynesh@yahoo.com

The status awarded to the above programmes of your college / Institution is on the presumption that the programmes would maintain the current standards in future. If there are any changes that would effectively alter the status (such as, major changes in faculty strength or changes in the organizational structure, etc.), the same shall be communicated to the undersigned, with an appropriate explanatory note. A comprehensive report submitted by the Chairman of the expert committee who visited your institution and the distribution of marks/points awarded for each programme against the accreditation parameters are enclosed for further necessary action at your end to overcome the shortcomings observed in each programme. If you are not satisfied with the decision of the Board, you may forward your appeal application with requisite fee within thirty days of receipt of this communication.

Let me also take this opportunity to congratulate all those who have contributed to the quality enhancement of programmes that secured accreditation by NBA.

With best regards,

Yours Truly,

19/8/04

(Dr. Dinesh)

&
Dean, Faculty of Engg. & Tech.,

Dear Dr. Tabassum,

Please find enclosed herewith the report on the visit of **Adhiparasakthi Engineering College Melmaruvathur, Kancheepuram Dist., Tamil Nadu** on 1-3rd August 2008 alongwith the report of the experts for the following nine departments.

(i) Information Technology.
(ii) Electrical & Electronics Engineering.
(iii) Civil Engineering.
(iv) Mechanical Engineering
(v) Electronics & Communication Engineering.
(vi) Computer Science & Engineering.
(vii) Chemical Engineering.
(viii) MBA
(ix) MCA

The above is for your information and necessary action please.

Thanking You

Sincerely Yours

(Prof. O.P. Bajpai)

EXPERT COMMITTEE REPORT

on

Adhiparasakthi Engineering College Melmaruvathur, Kancheepuram Dist. Tamil Nadu.
submitted to

NATIONAL BOARD OF ACCREDITATION (NBA)

Subject: **National Board of Accreditation Team visit to Adhiparasakthi Engineering College Melmaruvathur, Kancheepuram Dist. Tamil Nadu. (01-08-2008 to 03-08-2008)**

Please refer to the letter No. NBA/ACCR-927/07 dated July 23, 2008, regarding the NBA Team visit to Adhiparasakthi Engineering College Melmaruvathur, Kancheepuram Dist. Tamil Nadu from 01-03rd August 2008.

The following team visited the college on 1- 3rd August, 2008.

Sr. No.	Name & Address of Experts	Designation
1.	Prof. O. P. Bajpai, Dean, Faculty of Engineering, Kurukshetra University, Kurukshetra – 136119	Chairman
2.	Prof. S.L. Mehndiratta Deptt. of Computer Science & Engg. Indian Institute of Technology, Mumbai-400076	Expert – Information Technology
3.	Prof. Vinay Pathak Deptt. of Computer Science & Engg., Harcourt Butler Technological Institute, Nawabganj, Kanpur (U.P.) – 208002.	Expert – Information Technology
4.	Prof. Gayatri Agnihotri Dept. of Electrical Engg. Moulana Azad National Institute of Technology, Bhopal – 462007.	Expert - Electrical & Electronics Engg.
5.	Prof. D. Thukkaram Indian Institute of Science, Bangalore – 560012.	Expert - Electrical & Electronics Engg.
6.	Prof. A. Veeraraghavan Dept. of Civil Engg. Indian Institute of Technology Madras - 600036	Expert – Civil Engg.
7.	Profl. Razaullah Khan Dept. of Civil Engg. Aligarh Muslim University Aligarh – 202002.	Expert – Civil Engg.
8.	Prof. S. K. Das Dept of Mech Engg. Indian Institute of Technology Chennai - 600036	Expert – Mech. Engg.
9.	Prof. D.S. Pundhir Director & Professor, Dept. of Mech. Engg. Kamla Nehru Institute of Technology, Sultanpur-228118	Expert – Mech. Engg.

10.	Prof. R. Mitra Dept. of Electronics & Computer Engg. Indian Institute of Technology, Roorkee-247667	Expert – Electronics & Communication Engg.
11.	Mr. A.G. Keskar NIT, Nagpur	Expert – Electronics & Comm. Engg.
12.	Prof. Om Vikas C-15, Trang Apartment, Mother Dairy, Plot No. 19, IP Extension, Delhi - 110092	Expert – Computer Science Engg.
13.	Prof. M.N. Doja Dept. of Computer Engg. Jamia Milia Islamia, New Delhi-110025	Expert – Computer Science Engg.
14	Prof. M. Idress Dept. of Chemical Engg., Aligarh Muslim University Aligarh – 202002.	Expert – Chemical Engg.
15	Prof. Siddharath Dutta Dept. of Chemical Engg. Jadhavpur University, Raja SC Mulick Road, Kolkata-700032	Expert – Chemical Engg.
16	Prof. K.C. Mittal Dept. of Mgt. Studies, Punjab University Patiala, Patiala-002 Punjab	Expert-MBA
17	Mr. R.K. Mittal, Dept. of Commerce & Mgt. Studies, Kurukshetra University, Kurukshetra – 136119	Expert-MBA
18	Prof. Prem Chand Head, Dept. of Computer Science & Engg. UCE, Osmania University, Hyderabad - 500007	Expert - MCA
19	Prof. R.B. Lohani, Professor & Head, Dept. of Electronics & Telecommunication Engg. Govt. College of Engg. Farmagudi Ponda, Goa – 403401	Expert - MCA

The team visited the college on 1-3rd August 2008 and carried out the following activities/inspection/reviews.

Adhiparasakthi Engineering College, Melmaruvathur, is managed by Adhiparasakthi Charitable, Medical, Educational and Cultural Trust established in the year 1978. It is running several educational institutions besides charitable, social and rural development work. The college was established in the year 1984 with three branches which has subsequently grown to cover several areas of engineering education and post graduate programmes. Out of the 9 courses projected for accreditation, the following courses had been accredited earlier and are for re-accreditation/continuing of accreditation:

1. Civil Engineering
2. Mechanical Engineering

3. Electronics and Communication Engineering
4. Electrical and Electronics Engineering
5. Chemical Technology

The following subjects are afresh for accreditation:

1. Computer Science and Engineering
2. Information Technology
3. Master of Business Administration
4. Master of Computer Application

The Institute has well defined vision & mission and short term & long term goals. It has a governing council consisting with leading personalities from social, religious and charitable organizations. The Institute has well defined organizational chart, transparency in the day to day work, leadership, planning and monitoring board, well defined recruitment procedures, rules and regulations of the institute for both career growth as well as recruitment norms. It has decentralized and delegated powers, besides instituting awards for students and the faculty members. It is financially sound institute run by a charitable organization and has enough resources physical as well as financial to continue the activities. It has well established laboratories, workshops, class-rooms, instructional areas, hostels both for boys and girls, transport facilities, accommodation for the faculty within the campus and a very good medical facility with a specialized hospital attached to the college both for the students and the faculty. In addition to above, it has canteen, bank, post office and power back-up facilities, good central library and computing facility with internet connecting. Since the Institute is located in the remote rural area, there are associated problems and advantages. The management and the institution are able to help poor students from the rural background. It has NCC & NSS, good play ground facility and very good campus. Faculty both senior and junior are encouraged for higher education by way of different kinds of leaves. It has improved training and placement center in the recent past and also have improved placement during the recent years. The Institute has also signed MoU with companies for better industry-institute interaction and the placement. The above are some of the general features besides the strength and weaknesses brought out by the individual experts in their respective areas.

Following are the scheduled activities carried out by the team:

01-08-2008

All the members of the NBA Team alongwith Chairman had a meeting in the morning at the college to finalize the schedule to be followed by the team. After formal introduction by the management of the institute and faculty members, the Principal made a detailed presentation of the college activities, budget, faculty, general facilities etc.

After the detailed presentation the committee visited the central facilities like Central Library facilities, Computer facilities & Hostel. The committee was also given an overview of the institute, its surrounding and the background under which it is being managed and operated.

After visit to the common facilities, and lunch, all the experts visited the respective department. Head of the Department made presentation about their activities, provided records of the labs, laboratory facilities and other related matters to respective experts. The experts also visited the departmental labs, discussed with the individual faculty, students, teaching and non-teaching staff and verified relevant documents.

The Chairman of the team had a meeting with the Principal and the other management representatives to check up various records connected with finance, administration and the matters connected with the institute functioning. While the experts were busy in their respective departments, the Chairman, after verifying the records, visited the Physics, Chemistry and Mathematics departments, workshop, and met their Chairman/Head of Department members interacted with them to know about the facilities and their adequacy both for quantitative and qualitative point of view. Before the close of the day, NBA team members alongwith Chairman met and reviewed the progress on the first day and the action to be taken/activities to be carried out on the next day, specifically the common points connected with the institute and problems of each expert group.

02-08-2008

On 2nd August 2008 till 12:00 hours the respective experts again visited the departments to complete the visit to the left out facilities in respective departments for checking up of further documents and records to satisfy. The chairman further checked up the relevant document and visited department for on the spot evaluation and assessment besides visiting the common facilities like hostel, canteen, bank and play ground etc.

DISCUSSIONS WITH STUDENTS

The committee members and the Chairman had discussions with the students to get their feed-back, their feelings to assess the quality of education, working of the institute and its performance with regards to academic, teaching, placement, hostel facilities etc.

In general, students expressed their satisfaction. Students were also satisfied with the teaching and the coverage of the course material.

MEETING WITH THE INSTITUTE'S STAFF

The committee members had a meeting with the teaching and non-teaching staff and discuss their problems, if any, and views regarding the institute. Most of the employees are working satisfactorily with no major complaint. However, it was noticed that the technical staff needs frequent up-gradation of their skill to cope up with the development and for their more effective contribution in the development of labs and related activities. The non-teaching staffs were satisfied with the working and promotional avenues of the college.

Experts and the Chairman had discussion with the faculty without Principal, HoD and the Management representative to seek their views on their grievances, if any, and suggested improvements. In general, the faculty members were happy and satisfied with the management, incentives and promotions provided to them and the general facilities that they avail while working. Most of the faculty members are paid on AICTE scales and other benefit. Some of them underwent induction training programmes while remaining has to undergo in a phased manner. It was also noticed that retention of the faculty is good. It was suggested that the faculty should get involve in the personal research and development of their labs and career development. Some of faculty have been granted leave, QIP etc. for higher studies.

DISCUSSIONS WITH THE PARENTS, ALUMNI AND OTHERS

The committee members had a meeting with the above group of people consisting of old students, their parents, parents of the existing students, old alumni and also employer those who have been visiting the institute for the recruitment. In general, most of them were satisfied. Some of the points that need to be improved/given more concentration were also highlighted during their presentation/discussion to industrial training, training of skill development etc.

The alumni are of view that the students need to be provided with more practical oriented engineering education rather than conventional education for better career. In other words, they felt that more practical and experimental teaching is required for them to succeed for better on the

job performance. The parents and students were happy with the general discipline and teaching in the college even being located in the remote rural area.

The Members along with the Chairman discussed the outcome of two days for the preparation of documents and finalization of the report with all the experts.

03-08-2008

The Chairman of the visiting team had detailed discussions with all the expert members to review the reports of each department before the exit meeting. Subsequently, the Chairman and the committee members had exit meeting with the Principal and the management representatives of the Institute in which the major strength and weaknesses of the Institute, department-wise was brought to the notice of the management and the principal of the institute before final options for their withdrawal or otherwise. The Principal and the Management alongwith Head of the Departments had separate meeting to review their strength and weaknesses presented by the Visiting Team and informed to the Chairman and the Committee Members that they feel confident regarding the accreditation of their courses and therefore, do not wish to withdraw. The following are the department-wise major strength and weaknesses of the institute communicated.

(1) DEPARTMENT OF INFORMATION TECHNOLOGY.

STRENGTH

1) Student-Faculty ratio good.
2) Student intake satisfactory.
3) Academic calendar followed as per University norms.

WEAKNESSES

1) Experienced and qualified senior faculty inadequate in the department.
2) Seating place for faculty in the department needs improvement.
3) Faculty in the department must be provided with independent computers.
4) More initiatives required by the faculty to improve results and placement of the departmental students.
5) R&D culture missing in the department.

(2) DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING.

STRENGTH

1) Planning & monitoring is good.
2) Visionary leadership exists.
3) Adequate budget allocation & utilization.
4) Physical resources are adequate.
5) Medical facilities are good.
6) Faculty retention in the department is satisfactory.
7) Support staffs are adequate.
8) Students' admission is satisfactory.
9) Academic calendar followed as per University.

WEAKNESSES

1) Internet facility needs improvement and library timings to be extended.
2) Ph.D. qualified faculty are inadequate.
3) Participation facility in development programmes needs to be improved.
4) Faculty development programmes to be improved.
5) Students need encouragement to take up competitive examinations.
6) Placement activity needs further improvement.
7) Teaching beyond syllabus needs to be strengthened.

8) Entrepreneurship initiatives are required.
9) Paper publications have to be improved.
10) Industry/sponsored projects have to be undertaken.
11) Continuing education programmes have to be undertaken.

(3) DEPARTMENT OF CIVIL ENGINEERNG

STRENGTH

1) Well qualified and dedicated faculty members.
2) Good co-ordination among faculty members in sharing responsibilities.
3) Many faculty have written text books/course material.
4) Well defined lesson plan.
5) Automatic weather station installed with support of ISRO.

WEAKNESSES

1) Poor utilization of allocated budget.
2) Follow-up action of performance appraisal needs improvement.
3) Faculty/students deputed to attend conferences should be paid TA/DA.
4) Very less number of consultancy projects.
5) Very less number of sponsored research projects.
6) Students' performance in competitive examinations needs improvement.
7) Laboratories to be modernized with latest equipments.
8) Computing skills to be improved with latest civil engineering software.
9) More number of continuing education programmes to be improved.
10) Professional society activities to be improved.

(4) DEPARTMENT OF MECHANICAL ENGINEERING

STRENGTH

1) Dedicated, qualified and experienced faculty (all are having PG degree, some with Ph.Ds).
2) Well equipped, well maintained operational laboratory.
3) Skilled and hard working supporting staff.
4) The students' projects are of quality based on research concept.

WEAKNESSES

1) Teaching learning process has to be improved with the use of latest aids/technologies.
2) Access to e-journals in Mechanical Engg. is required.
3) Computing facilities have to be upgraded by adding application software. The facility needs to be better utilized.

(5) DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING.

STRENGTH

1) Department has received appreciation from agencies like SUN TV & AC Nelson Group.
2) Faculty member has received best paper award.
3) Highly motivated & dedicated faculty.
4) Very high retention of faculty indicates satisfaction.
5) Excellent results.
6) Labs are spacious & equipped with working equipments.
7) Head of Department is dynamic.
8) Department has received MODROB project grant.

WEAKNESSES

1) Faculty not provided with individual computing & communication facility.
2) Most of the paper presentations are at local/nearby platforms. Faculty to be motivated to use higher platform of recognized society & IIT etc.
3) Utilization of R&D budget is not channelized.
4) Lot of readymade material is provided to students. Innovative assignments to be given.
5) In-house hardware projects are less.

(6) DEPARTMENT OF COMPUTER SICENCE & ENGINEERING

STRENGTH

1) Planning & monitoring is good.
2) Budget allocation is reasonable.
3) Good power supply, back up, medical facility, hostels exist.
4) Most of seats are filled.
5) UG/PG faculty and support technical staff ratio is reasonable.
6) Ethics and extra-curricular activities are integrated into education.

WEAKNESSES

1) Decentralization/delegation of powers is poor. More functional autonomy at HoD & Faculty level is desirable.
2) Additional furniture need be provided in hostel rooms.
3) FDP & skills upgradation initiatives need special boost.
4) Students' result is poor. Placement activities need to be strengthened.
5) Innovative initiatives are required for improving result of maths, discrete maths & physics, English.
6) E-learning resources available free from NPTEL, ETC. may integrate into class room instructions.
7) Students' projects should have relevance to industry and faculty should try to publish papers out of these project works. Papers be co-authored with students.
8) R&D budget is poor. Special initiative is needed on this front to achieve academic excellence.

(7) DEPARTMENT OF CHEMICAL ENGINEERING

STRENGTH

1) Organization and governance is good.
2) Recurring & non-recurring budget is adequate.
3) Good hostel facilities and amenities.
4) Computing, internet and library facilities are adequate.
5) Faculty member is adequate. Few teachers are pursuing their Ph.D and are experted to submit soon. Good academic potential.
6) Chemical Engg. Laboratories are well equipped and well maintained.
7) Students' projects are of good quality with academic support from some national R&D Centers.

WEAKNESSES

1) Faculty motivation is missing and needs to be addressed to.
2) The facilities are not being properly utilized.
3) Budget allocation is there but is not being utilized.
4) Supporting staff is inadequate and skill upgradation programme is missing.
5) Seats are not filled, though it is improving.
6) R&D activities by department are poor.

7) Students need to be motivated towards proper presentation and participation.

(8) DEPARTMENT OF MASTER OF BUSINESS ADMINISTRATION

STRENGTH

1) There is a strong contribution towards the upliftment of the rural community.
2) Teacher – students' ratio on the better and on positive side.
3) Management of the Institute is highly transparent & delegates various major powers to the subordinates.
4) Management is innovative in nature and provides all opportunity to the teacher-students and staff for further development.

WEAKNESSES

1) There should be strong interaction between teacher-students.
2) There should be stressed on students' placement activities.
3) Teacher should be encouraged for higher study by providing all facilities.
4) Students are weak in communication.

(9) DEPARTMENT OF MASTER OF COMPUTER APPLICATION

STRENGTH

1) Good special coaching for weak students.
2) Optimum utilization of facilities.
3) Staff committed.
4) Faculty & industry interaction is good.

WEAKNESSES

1) Faculty lack encouragement for motivation towards research.
2) QIP incentives are lacking.
3) Improper & ineffective implementation of CAS.
4) Internet bandwith needs to be increased.
5) Testing and consultancy should be encouraged.

RECOMMENDATIONS

Based on the visit to the institute, discussions with the various segment of the activities, reports of the experts and visit to the entire campus, working environment prevailing therein, presents a culture of good institute. It needs to be promoted and encouraged to achieve excellence specifically being in the rural area. The institute is having good environment, facilities, placement, teaching learning processes and other parameters required. It is therefore, recommended for the accreditation of the following discipline. Detailed report from the experts is enclosed herewith.

(i) Information Technology.
(ii) Electrical & Electronics Engineering.
(iii) Civil Engineering.
(iv) Mechanical Engineering
(v) Electronics & Communication Engineering.
(vi) Computer Science & Engineering.
(vii) Chemical Engineering.
(viii) MBA
(ix) MCA

Sub : NBA Decision on Accreditation Status of Programme offered by your Institution – reg.

Dear Sir,

In response to your application for appeal against accreditation status of **BE Computer Science & Engineering** Programme, the Appellate Committee in its meeting held on 07.07.2009 heard your appeal. I am directed to inform you that after careful consideration of the presentation made by your institution and the documents submitted therein, the Appellate Committee is pleased to recommend the accreditation status of the following programme from your institution :

Sl.No.	Name of the UG Programme	Accreditation Status	Period of Validity w.e.f. 07.07.2009
1.	BE Computer Science & Engineering	Accredited	3 Years

(Total number of programme **Accredited** vide this letter – **One**)

The Accreditation status awarded to the above programme of your institution does not imply accreditation to the College / Institution as whole. Complete name of the Programme(s) Accredited and its period of validity, as well as the date from which the award is effective, should be quoted unambiguously whenever it is used. The accreditation status of the above programme is subject to periodic review by the NBA secretariat and will be changed if major deficiencies are identified on surveillance. You are also requested to comply with the mandatory disclosure of pertinent information as per the proforma placed in the AICTE website with respect to accredited programme of your institution. The same information should also appear in the website and information bulletin of your institution clearly indicating the date of publication of the same.

Contd....2

The status award to the above programme of your college/institution is on the presumption that the programme would maintain the current standards in future. If there are any changes that would effectively alter the status (such as, major changes in faculty strength or changes in the organization structure, etc.) the same shall be communicated to the undersigned, with an appropriate explanatory note.

Let me also take this opportunity to congratulate all those who have contributed to the quality enhancement of programme that secured accreditation by NBA.

With best wishes,

Yours faithfully,

17/7

New Delhi- 110 003

To,

Dated: 13/10/2010

The Director,
Adhiparasakthi Engineering College,
Melamaruvathur KancheepuramDistt,
Tamil Nadu – 603 319.

Sub: - Accreditation Status of MCA programme offered by Adhiparasakthi Engineering College.

Dear Sir,

This has reference to the Appeal application of Adhiparasakthi Engineering College, seeking Accreditation of National Board of Accreditation to the programme(s) indicated in the table in the paragraph 2 below, the Appeal Committee recommended a revisit of the College which took place on 1stAugust, 2009.

2. A revisit Committee conducted an on-site evalution of the programme(s). The report submitted by the revisit Committee was considered by the Engineering/Technology Accreditation Evalution Committee for the concerned programme. The Executive Committee of the NBA considered the recommendation of the Engineering/Technology Accreditation Evalution Committee, in its meeting held on 21st June, 2010. The decision of the Executive Committee in respect of the application are as under.,

S. No.	Name of the programme	UG/PG	Decision	Period of validity w.e.f. 21-6-2010
1.	MCA	PG	Accredited	3 Years

3. The Accreditation status awarded to the programmes as indicated in the table in above paragraph does not imply that the accreditation has been granted to Adhiparasakthi Engineering College, as a whole. The complete name of the programme(s) accredited, level of programme (UG or PG as the case may be) and the period of validity of accreditation is effective, should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

4. The Accreditation status of the above programme(s) is subject to change on periodic review by the NBA Secretariat if major deficiencies are noticed. It is desired to comply with the mandatory disclosure of pertinent information in respect to accredited programmes indicated in table in paragraph 2 above in proforma prescribed on the website

of the National Board of Accreditation. The same information is also required to appear on the website and information bulletin of the Adhiparasakthi Engineering College.

5. The accreditation status awarded to the programmes as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any change in the status (major changes of faculty strength, organizational structure, etc.), the same is required to be communicated to the NBA, with an appropriate explanatory note.

6. A Comprehensive report submitted by the Chairman of the Expert Committee who has visited your Institution and the distribution of marks/points awarded for each programme against the accreditation parameters are enclosed for reference and further necessary action to overcome the shortcomings, if any observed.

Yours faithfully

D.K.Paliwal

Convener's Report of the Expert Committee
Re-Visit for Accreditation of Post Graduate Program (MCA)
Of Adhiparasakthi Engineering College Melmaruvathur, TN 603 319
on 01/08/2009

This visit was to look in to only three criterions namely Teaching Learning Process, Human Resource – Faculty & Staff and R & D Initiatives. Visit started from 10Am on wards. Visit Program is enclosed.

HOD MCA made a brief presentation focused only on above three points. It was followed by the brief introduction by faculty and staff during which educational qualification, experience and other matters were checked and head count was done. Documents pertaining to faculty were checked.
Class, labs and faculty timetables were checked against requirement of the syllabus and cross verified from the academic calendar. All the records pertaining to student feed back, department budget, faculty assignments, faculty and staff qualification and skill up gradation etc were checked.

The general infrastructure and the ambiance of the department were very good. Class room teaching was checked. Faculty lecture was well received by the students. LCD projector was being used. All the systems in the labs were working. Department has all necessary licensed software, internet connectivity, good set of books and journals. Technical staff knew their jobs. The teaching was progressing as per the lecture plan and Anna University syllabus.

All the records were meticulously maintained in the department. Out of 12 faculty members only 1 faculty has Ph.D. degree others have PG degrees. Class room teaching is effective. Continuous evaluation process is meticulously followed and proper monitoring and record keeping is done. Feedback mechanism and follow up actions are there. Students record and the time table for compensatory and corrective classes could be traced from the identification of such student to their result improvements. Department has several MoU's with industry. Students do project work in the industry itself. Project document presentation lacks professionalism but softwares developed in most of the projects are used by the industry and such certificates are attached in the project reports. Records for some of the consultancy work done by the department were checked. Department is not strong in the area of consultancy and testing.

Faculty has sizable number of publications but no patent or books. Publication list of the faculty was checked with reprints and bound volumes. Department R & D work, involvement of the industry and students projects were seen.

Photocopy of documentary proof of some of the items have been collected.
